

PRIOR AUTHORIZATION

A Multi-Step Process That Delays Care For Cystic Fibrosis Patients

STEP 1

Health Care Provider Determines Treatment Needs

Provides patient prescription

STEP 2

Insurer Requires Prior Authorization

Forms & patient information required

STEP 3

Insurer Denies Request

Patient waits for treatment

STEP 4

Health Care Provider Appeals

Patient continues waiting for treatment

STEP 5

Insurer Denies

Patient still goes untreated

STEP 6

Health care provider has
“Peer To Peer”
conversation with insurer

FINAL STEP

INSURER DENIES AGAIN

Patient cannot access medication

or

INSURER APPROVES

Patient receives medication
